DBE Good Faith Efforts Documentation

To Whom It May Concern:

The following is a summary of the DBE Good Faith Efforts Documentation.

Exhibit A: We have listed items of work that DeSilva Gates Construction made available to DBE firms, and have identified items of work the Bidder might otherwise perform with its own forces, items that have been broken down into economically feasible units to facilitate DBE participation, and items for which the Bidder has established flexible time frames for performance and delivery schedule in a manner that encourages and facilitates DBE participation.

DeSilva Gates Construction Attachment A-1

Exhibit B: We have attached copies of solicitations, email messages, telephone records, and fax confirmations.

- Friday, April 15th 2016 conducted a DBE query on CUCP directory for 39 work categories. Resulted in 457 DBEs.
- Friday, April 15th 2016 "Bid Invitations" emailed and faxed to 457 DBE firms who indicated interest in District 4 and in the 39 work categories.
- Friday, April 15th 2016 conducted an Opt-In query where 14 firms were listed. Faxed "Bid Invitations".

- Friday, April 22nd 2016 conducted a second Opt-In query where 17 firms were listed. Called to follow up.
- Conducted follow up phone calls on April 22nd 2016 and April 25th 2016.
- Attached sample "Bid Invitation" announcement dated April 15th 2016.
- Spreadsheet on "Bid Invitation" announcement, phone/fax/email log, and results.

Exhibit C: DeSilva Gates Construction provided plans and specifications specific to the items of work being offered. A list of selected firms and its status as a DBE, the DBEs that provided quotes and the price quote for each firm and the price difference for each DBE if the selected firm is not a DBE. Provided copies of each DBE and Non-DBE quote submitted to the Bidder whenever a Non-DBE firm was selected over a DBE for work on the Contract.

- The Bid Invitation and the advertisements provided the DBE with information on where to obtain the plans and specifications, including access to the plans and specs at DGC's offices in Dublin and Sacramento.
- Attached spreadsheet with the Select/Reject and quotes.

Exhibit D: Attached you will find our outreach efforts to identify and solicit the interest of all certified DBEs that have the capacity to perform the work of the Contract.

- Solicited 457 DBEs from CUCP and Opt-In, by email, fax and phone in 39 work categories. Solicitations occurred on April 15th 2016 (See attachments in Exhibit B).
- Advertised in California Department of Transportation, Minority Bidders Bulletin and Construction Update, Small Business Exchange, Daily Construction Service and Daily Pacific Builder. Advertisements occurred on April 4th 2016, April 13th 2016 and April 14th 2016. See attached advertisement announcement.

Exhibit E: Attached are our efforts made to provide interested DBEs with adequate information about the plans, specifications and requirements of the Contract.

- Bid Invitation and advertisements provided information about the plans, specifications and requirements of the Contract to assist them in responding to a solicitation. See attached.
- No DBE requested assistance.

Exhibit F: Attached you will find our efforts made to assist interested DBEs in obtaining bonding, lines of credit, or insurance.

- Bid Invitation provided information about the plans, specifications and requirements of the Contract. See attached.
- No DBE requested assistance.

Exhibit G: Attached you will find our efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials or related assistance or services, excluding supplies and equipment the DBE purchases or leases from the prime contractor or its affiliate.

- Bid Invitation and advertisements provided information about the plans, specifications and requirements of the Contract. See attached.
- No DBE requested assistance.

Exhibit H: Below are the names of agencies and the dates on which they were contacted to obtain assistance in contacting, recruiting, and using DBE firms.

- Daily Pacific Builder 4/4/2016
- Daily Construction Services 4/4/2016
- Minority Bidders Bulletin 4/13/2016
- Small Business Exchange 4/13/2016
- California Department of Transportation 4/14/2016
- National Association of Minority Contractors Northern California 4/22/2016
- San Francisco African American Chamber of Commerce 4/22/2016

Exhibit I: Attached is additional data to support demonstration of Good Faith Efforts.

- Attended Caltrans District 3 and District 10 DBE Outreach Meeting on 3/27/2015.
- Attended Caltrans District 4 SB Outreach Meeting on 3/21/2013.

Please call our office if you have any questions.

Sincerely,

FUEL PRICE: QUOTES SUBJECT TO INCREASE DUE TO FUEL PRICE INCREASES.

All rate tonnage or hourly are quoted on a base price of fuel to \$4.75 per gallon.

If fuel prices escalate above stated base price, rates will increase, for each \$0.50 cent increase. Hourly rates will round to nearest dollar.

Projects that have a duration where an annual increase becomes effective,

the base price of fuel will increase \$0.50 cents per year.

Rules for determination of fuel price:

Rate will be controlled by pump price (sales price).

Rate will be based on the average price in a calendar month.

Rate change will become effective on the first day of the month, immediately following the month of fuel price change. Notification of change will be in writing.

CANCELATIONS:

Notification of Cancelation must be given no less than 2 hours prior to start of job.

Standard Terms and Conditions

- Rates do not include the application of prevailing wages and contractor agrees that if required the additional costs will be reimbursed.
- Trucks are based on schedule and availability and must be mutually agreed upon before commencement of work.
- Minimum charges apply for late cancellations (less than 2 hours before appointment times) not less than 4 hours at our standard hourly rates.
- Tonnage rates are based on 8 hour trucking shifts and unless incurred standby time is paid in full, tonnage rates will not be honored.
- Tonnage rated work is subject to a 24 ton minimum charge for double bottoms or Dillard owned semi bottoms (40° long) and 20 ton minimum charge for semi ends, super dumps, and standard semi bottoms.
- Damage to trucks and trailing equipment caused by the contractor or its subcontractors will be reimbursed at cost.
- 7. For hourly work, minimum charges apply: 6 hours at night and 8 hours during the daytime.
- 8. Dillard is a UDBE truck broker but cannot guarantee UDBE participation as filling orders takes priority over achieving any UDBE participation. Dillard never agrees to provide any certain filmber of UDBE trucks for any project at any time and does not agree to any lump sum participation amount. We make every effort to fill truck orders as they are received.
- Fuer surcharges apply at a rate of 5% unless agreed to be waived in writing and are subject to further increases as fuel prices adjust upward without notice.
- Customer agrees to pay our legal fees and all collection costs if the account becomes delinquent.
- 11. Payment terms are strictly 30 days from invoice date with finance charges accruing on the unpaid balance at a rate of 1.5% per month.
- 12. Project specific quotes are valid for 90 days until secured by a contract or Dillard ATP.
- 13. Multi-year contracts are subject to increases of 4% per year without notice.
- 14. Bridge tolls will be reimbursed at cost.
- 15. All proposed back-charges to Dillard for lost materials, or other costs directly caused by Dillard or one of its sub-haulers will be presented in writing to Dillard for consent or rebuttal within 10 days of the alleged incident. No late back-charges will be honored. Dillard will not be responsible for back-charges resulting from any unforeseen circumstances related to but not limited to equipment failures, break downs or any down time.
- 16. Dillard is certified with various agencies as a SDB, DBE, SDBE, WBE, LBE, and UDBE.
- 17. In the event the account becomes delibquent and it is necessary to institute legal proceedings, CUSTOMER agrees to pay DES' attorney's fees incurred in such proceeding, action or suit or in any appeal thereon. Any proceeding, action or suit arising from this agreement will be tried exclusively in the courts located in Contra Costa County.

When submitting any public works bid please include your DUNS number and DIR number. For questions regarding registration for DIR use the link at: www.dir.ca.gov/Public-Works/Public-Works/Public-Works.html

If you need DBE support services and assistance in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies or related assistance or services, for this project call the Estimator at (925) 829-9220, or contact your local Small Business Development Center Network (http://californiasbdc.org) or contact the California Southwest Transportation Resource Center (www.transportation.gov/osdbu/SBTRCs). DGC is willing to breakout portions of work to increase the expectation of meeting the DBE goal.

At our discretion, 100% Payment and 100% Performance bonds may be required as a subcontract condition. This will be a PREVAILING WAGE JOB. DGC is an equal opportunity employer.

Thank you,

Federally Funded Contracts Evaluating DBE Participation Role of OBEO, Contract Evaluation Unit May 2013

The California Department of Transportation (Caltrans), Office of Business and Economic Opportunity (OBEO), Contract Evaluation Unit (CEU), is responsible for evaluating all Caltrans federally funded contracts and is responsible for counting Disadvantaged Business Enterprise (DBE) participation towards contract goals according to federal regulation. The CEU determines whether the goal has been met or an adequate good faith effort has been made by the contractor.

missing a li	Special Provisions of the specific contract you are bidding on for your responsibilities. Contracts are advertised on the Offic DE) website at http://dot.ca.gov/hq/esc/oe/weekly_ads/index.php and the Division of Procurement and Contracts' (DPAC) websites one-opac.ca.gov/contract.htm.
Contract Eva	luation Unit's Responsibility – Counting DBE Participation
Step 1	A contract is received from Office Engineer (OE) or Division of Procurement and Contracts (DPAC) and the CALTRANS Bidder DBE Commitment form from the prime contractor is reviewed to see if the prime contractor met the goal. If not, the good fait effort will be evaluated. See 49 CFR, Part 26, Appendix A, for good faith efforts guidance. This determination is based only or information timely submitted with the bid.
Step 2	Review the CALTRANS Bidder-DBE Commitment form from the prime contractor to: ensure that the DBEs are certified by checking the California Unified Certification Program (CUCP) database [cross referencing DBE work category code(s) with contract bid items] (If the DBE is not certified, their participation will not be counted.) ensure that the DBEs possess the correct work category code for the type of work they are listed to perform http://www.dot.ca.gov/hq/bep/find_certified.htm (If the DBE does not possess the correct work category code, their participation will not be counted.) everify the dollar amount claimed for credit is accurate.
	amount claimed for credit on DBE Commitment form is consistent with written confirmation (quote) from DBE.** amount claimed for credit is consistent with the prime contractor's bid and subcontractor listing Written confirmation (quotes) from the DBEs are reviewed to verify if the DBEs are committed to do the work on the Caltrans Bidder DBE Commitment form.** **Important Note: Rate sheets that are generic will not be accepted in lieu of written confirmation (quotes). This determination is based only on information timely submitted with the bid.
Step 3	Counting DBE participation: DBE participation is "counted" only where it is demonstrated that a certified DBE possessing the correct work codes will be actively participating on the contract. CEU will count DBE participation as follows: The entire amount of that portion of a construction contract that is performed by the DBE's own forces are counted. DBE' participation will not be counted if the DBE is not certified at the time of bid or if a certified DBE does not possess the correct work codes. The method for counting trucking towards the DBE goal requires the following additional documentation: motor carrier permit, truck title, registration, and proof of insurance, trailer or tanker registration, bills of lading, sub-hauling agreements, existing commitments of trucking on other jobs, and subcontract specific information (e.g., type of material hauled, number of trucks/trailers/tankers, load capacity, distance traveled, and schedule). Truckers need to own at least one, operable, insured truck. DBE trucking firms receive 100 percent credit for the value of the hauling. DBE trucking firms who sublease to other DBE firms or DBE owner operators receive 100 percent of the value of the hauling. DBE trucking firms who sublease to non-DBE trucking firms or non-DBE owner operators receive credit for the transportation arrangement or broker fees only — typically from 5 -20 percent of the value of the hauling.
itep 4	Cost of material or supplies are counted at 60 percent for regular dealers. Those claiming to be regular dealers of bulk items must additionally demonstrate that they own and operate appropriate distribution equipment. Important Note: There may be times when further clarification of commitment is requested for other types of work. Determination is made regarding whether goal was met. If goal was not met, the good faith effort documentation will be evaluated.
tep 5	Important Note: The steps above are not all inclusive. Other steps may be taken in the contract evaluation process. The contracts are returned to OE or DPAC, whichever is applicable.

Federally Funded Contracts
Monitoring DBE Participation
During Construction
May 2013

Role of the Division of Construction

California Department of Transportation (Caltrans) resident engineers and inspectors monitor the contract work to ensure the DBEs listed on the approved CALTRANS Bidder-DBE Commitment form perform the items of work specified at the time of bid opening and that no improper substitutions occur. Monitoring includes documenting the work DBEs perform by completing inspection reports. Resident engineers and inspectors ensure that all DBEs are performing a commercially useful function (CUF).

CUF is a matter of contract compliance that achieves two objectives: (1) ensures that dollars counted towards DBE goals are merited, and (2) ensures the Federal Government that funds entrusted to the State of California meet federal requirements.

Code of Federal Regulations 49, Part 26.55(c)(1)(2) states, "A DBE performs a commercially useful function when it is responsible for execution of the work on the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved."

To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating a price, determining quality and quantity, ordering the material, and installing where applicable and paying for the material itself.

A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation.

To ensure DBEs are performing a CUF, the resident engineer or inspector documents the DBE's work in inspection reports and reviews additional documentation that verifies the DBE's participation. Some examples of the types of documents are:

- certified payroll records
- paid supplier invoices
- · monthly trucking verification reports
- supplier bills of lading or purchase requests
- leases

Service and Architect and Engineering Contracts

Monitoring DBE participation, including whether a DBE is performing a CUF, are subject to the same guidelines as stated above [49 CFR, Part 26.55(c)(1)(2)].

For further details, please refer to 49 CFR, Part 26.55.

CALIFORNIA DEPARTMENT OF TRANSPORTATION DISADVANTAGED BUSINESS ENTERPRISE PROGRAM REVISIONS FEBRUARY 2015

On October 2, 2014, the United States Department of Transportation published revisions to the Disadvantaged Business Enterprise (DBE) program regulations found in Title 49 of the Code of Federal Regulations, Part 26 (49 CFR 26). The DBE regulations in 49 CFR 26 form the basis for the California Department of Transportation's (Caltrans) DBE program.

As a result of the changes to 49 CFR 26, the California Department of Transportation (Caltrans) has completed significant revisions to the following sections of its Standard Specifications:

· Section 2: Bidding

· Section 5: Control of Work

Following is a summary of changes:

Counting DBE Participation 2-1.12A General

- To count toward meeting a DBE goal, each listed DBE, at bid opening, must possess the
 work category code(s) applicable to the type of work they will perform on the contract.
- If a DBE leases trucks from a non-DBE truck leasing company, it must use its own
 employees as drivers in order to be eligible to receive credit for the total value of the hauling
 services.

DBE Commitment Submittal 2-1.12B(2)

- All bidders must submit, no later than 4 p.m. on the 4th business day after bid opening, the following information:
 - DBE Commitment form.
 - Quote from each listed DBE that describes the type and amount of work shown on the DBE Commitment form.
 - > DBE Written Confirmation form for each listed DBE to establish that the DBE has agreed to participate in the type and amount of work shown on the form.
 - ➤ If the contract goal is not met, good faith efforts documentation. Good faith efforts documentation submitted outside of the specified timeline will not be considered as part of Caltrans' evaluation of good faith efforts.
- Caltrans has modified its DBE Commitment and DBE Good Faith Efforts Documentation forms based on changes in 49 CFR 26.

Evaluation of Good Faith Efforts 2-1,2B(3)

- Appendix A to 49 CFR 26, "Guidance Concerning Good Faith Efforts," has been revised.
 Highlights include:
 - > Additional emphasis on a bidder's efforts to identify and solicit DBEs.
 - Additional emphasis on a bidder's efforts to negotiate in good faith with interested DBEs, including evaluation of quotes provided by DBEs.
 - Caltrans must consider the performance of other bidders in meeting the contract goal as part of an evaluation of good faith efforts.

CALIFORNIA DEPARTMENT OF TRANSPORTATION DISADVANTAGED BUSINESS ENTERPRISE PROGRAM REVISIONS FEBRUARY 2015

Reporting 5-1.13B(1)

- Caltrans must begin collecting and reporting DBE payment data for all ongoing contracts.
 This is in addition to the collection and reporting of DBE final utilization upon acceptance of contract work.
- Prime contractors must submit by the 15th of each month a Monthly DBE Payment form documenting payments made to DBEs during the previous month. Failure to submit this form each month by the specified due date will result in withholds pursuant to section 9-1.16E(3), Performance Failure Withholds, of the Caltrans Standard Specifications.

DBE Substitutions 5-1.13B(2) General

- A substitute DBE, at the time of substitution, must possess the work category code(s)
 applicable to the type of work the substitute DBE will perform on the contract.
- The prime contractor must submit good faith efforts documentation for DBE substitutions within 7 days; the timeline may be extended an additional 7 days at the contractor's request.
- A prime contractor's inability to find a replacement DBE at the original price is not alone sufficient to support a finding of good faith efforts to replace the original DBE.

This summary was prepared by the Office of Business and Economic Opportunity (OBEO) to promote awareness of changes to the DBE regulations at 49 CFR 26. The information provided in this document is not intended to supplement or replace contract documents that contain information regarding contract-specific requirements.

Caltrans encourages bidders and DBEs to review on a contract by contract basis all bid documents, including but not limited to, standard specifications and standard plans, forms, and addenda to identify, understand, and comply with contract requirements.

For more information about the Caltrans' DBE program, please visit the OBEO's web site at http://www.dot.ca.gov/hq/bep/.
